

UpSkill Breakfast at BVC

An in-depth study conducted by SRDC, UpSkill was aimed at determining return on training investment in literacy and essential skills upgrading. The results are overwhelmingly positive. UpSkill firms earned a 23 per cent rate of return on their training investment.

On June 4, 2015, TOWES co-hosted a breakfast event at Bow Valley College in celebration of the report's findings and to provide employers with information on the Canada Job Grant strategy.

Speakers included David Gyarmati and Boris Palameta from the SRDC, Cheryl Olenick from Alberta Jobs, Skills, Training and Labour, TOWES Director Conrad Murphy and our very own President & CEO Sharon Carry. There was a great turnout with numerous members of government, businesses and NGO's in attendance.
